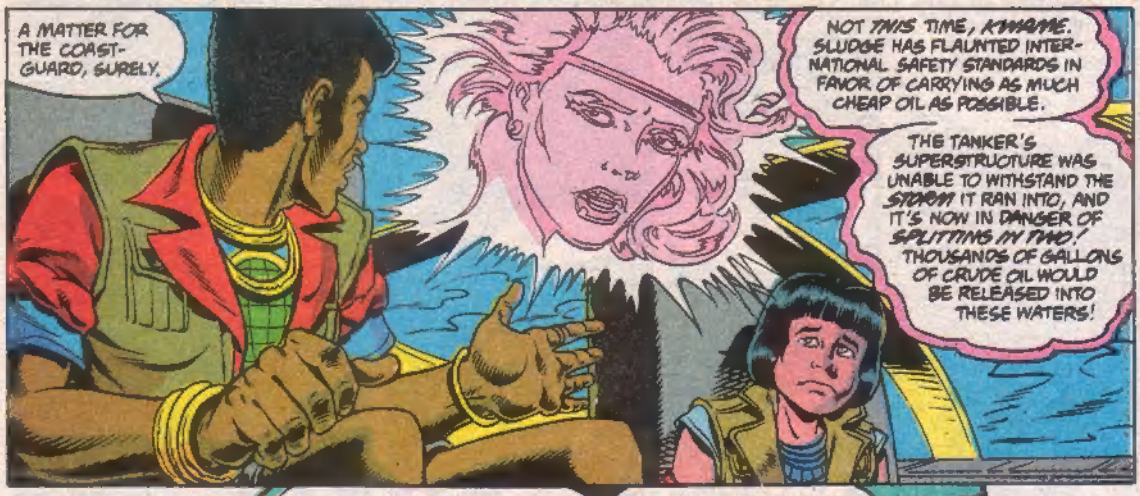
WITHIN THE ECO-SUB, LAYKA -- ONE OF FIVE PLANETEERS CHOSEN BY THE SPIRIT OF EARTH AS GUARDIANS OF OUR PLANET'S FUTURE!
ALL TO SAVE THE EXTRA RUBLES IT WOULD TAKE TO DISPOSE OF IT SAFELY!
SPEAKING OF RUBLES, ROOSKIE TOOTSKIE, WHERE'S THAT MONEY YOU OWE ME?
I'LL HAVE IT IN GOOD OL' U.S. DOLLARS, OF COURSE!
MONEY? WHAT MONEY?
FOR WHAT?
YESTERDAY, BIKE, THE BORROWING OF. REMEMBER? I'M TALKING RENT, BABE. RENT.
RENT?! YOU WOULD CHARGE ME, A FRIEND, A FELLOW PLANETEER, FOR BORROWING A BICYCLE? BOINE MOI! I CANNOT BELIEVE WHAT I'M HEARING!
HEY, LIFE'S LIKE THAT!

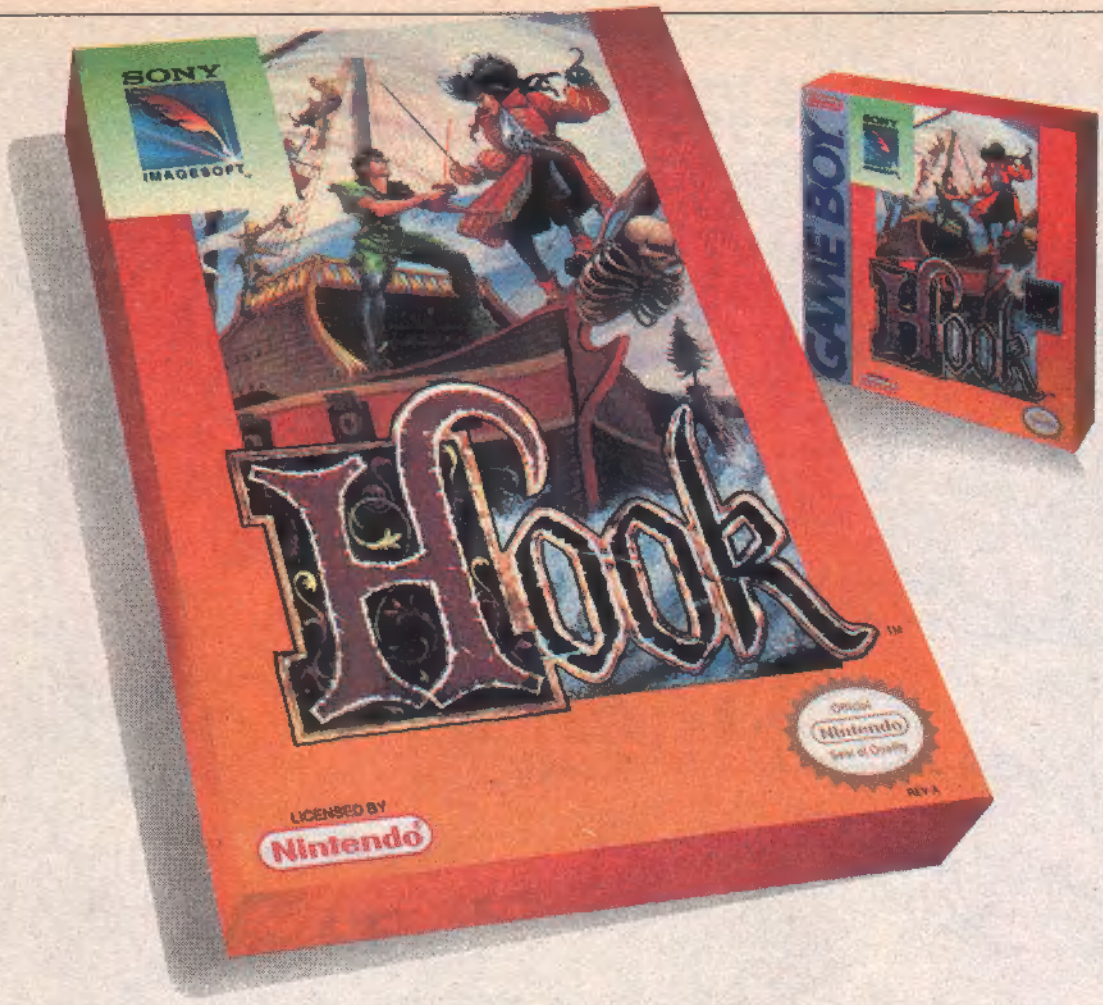
YOU GLIMY SON OF A CAPITALIST--
PLANETEERS, YOU ARE NEEDED ON THE SURFACE.
GAIA! WHAT IS IT?
SLY SLUDGE IS IN THE AREA, MA-TI-- MOVING A SHIPMENT OF BLACK MARKET OIL IN HIS NEW SUPER-TANKER.



A MATTER FOR THE COAST-GUARD, SURELY.
NOT THIS TIME, KWAME. SLUDGE HAS FLAUNTED INTERNATIONAL SAFETY STANDARDS IN FAVOR OF CARRYING AS MUCH CHEAP OIL AS POSSIBLE.
THE TANKER'S SUPERSTRUCTURE WAS UNABLE TO WITHSTAND THE STORM IT RAN INTO, AND IT'S NOW IN DANGER OF SPLITTING IN TWO! THOUSANDS OF GALLONS OF CRUDE OIL WOULD BE RELEASED INTO THESE WATERS!

BUT... IF THAT HAPPENS, THE COST TO MARINE LIFE WOULD BE IMMEASURABLE!
HANG ON, PLANETEERS-- WE'RE GOING UP! WE'LL DEAL WITH THE DUMP LATER. FOR NOW...
...I'LL MARK THE SPOT!

WHILE ABOVE...
OH THE INJUSTICE OF IT ALL!
THESE WATERS HAVE ALWAYS BEEN SO GOOD TO ME IN THE PAST! A LITTLE SMUGGLING HERE, A LITTLE DUMPING OF TOXIC WASTE THERE. AND NOW THIS!
IT'S JUST NOT FAIR!
STILL, WILL ANY LUCK, IT MIGHT BE POSSIBLE TO RIDE THIS OUT! AFTER ALL, THINGS CAN'T GET MUCH...
...WORSE...
THE PLANETEERS! THAT'S ALL I NEED! FOR WHERE THERE ARE ECO-BRATS...
...THERE'S CAPTAIN PLANET!
TIME FOR A FAST EXIT!



GET HOOKED!

You've just boarded Hook's ship. Your blood is pumping and a chill races down your spine. You're about to do battle with the most infamous pirate of them all, Captain Hook, the fiend who's kidnapped your children and sworn never to let them go. Suddenly Hook spots you and in one leap is at your throat. But with a quick spin you take flight over the sail and with a single thrust almost pin him to the mast.

As Peter Pan, this is the fight of your life. Everything that came before — your duel with Rufio, your dive to the ship wreck, even your battles against the pirates and creatures of Neverland — are nothing compared to this moment. Hook, the video game. Multiple levels of incredible excitement. Fantastic graphics. Available now for NES and GameBoy. Get Hook. Before Hook gets you!

BULLPEN BULLETINS

STAN'S SOAPBOX

Hi, Heroes!

I've just been looking over a list of the new projects, titles, team-ups and series that our indefatigable editor-in-chief, Titanic Tom DeFalco, and his sagacious staff of editorpersons have been cooking up for you in their colorful little inglenooks here in the hallowed halls of Marvel.

Now this isn't gonna be a high-pressure, hard-sell puff piece describing all our fantastic new feature ideas; you'll be able to learn about them in the forthcoming WAM bulletins, as well as in future issues of MARVEL AGE and our usual batch of scintillating, self-laudatory ads and announcements in the months to come.

Instead, in these few paragraphs, which are among the most widely read in all of comicdom, I want to once again express my boundless admiration — and the admiration of Marvel fans everywhere — for the brilliant creative output of the most hardworking staff in comics.

Just think about it. Virtually every issue that Tom's loyal legions produces is tantamount to a full-length feature film in plot, complexity and characterization. But, whereas the average movie takes at least a year (and usually much longer) from inception to completion, our celebrated sagas are produced at the unbelievable rate of a new one each and every month! And hey, we're not talking just **one** movie-length masterpiece each month, but nearly a **hundred** separate superhero titles within each thirty-day period! It doth fairly boggle the mind!

That's the reason for this heartfelt though woefully inadequate tribute to Marvel's creative geniuses wherever they may be. It's not because they're unappreciated; they've won every award in the book! It's not because they twisted my arm; they have no idea I'm writing this! It's not because I have to; I can use this space to spout off about any subject under the sun! And it's not because I've never mentioned it before—I've extolled their brilliance many times over the past years.

No, the only reason I just had to write this column is because I admire and respect each and every one of these gifted Marvel madmen whose awesome creative output brings such reading pleasure to countless fans around the world. Although, "admire and respect" doesn't nearly say enough — I just plain love 'em all, and I've got a hunch that you do, too!

Excelsior!

Stan

Stan Lee

There was all sorts of *mayhem* around the Bullpen this month as the whole Marvel gang was featured on MTV. The excitement started when MTV veejay **Karyn Bryant** showed up with a camera crew to tape some spots around the Bullpen. The spots aired one day in February, somewhere between "Club MTV" and "Yo, MTV Raps!" and featured such stalwarts as **Bob Harras**, **Mark Gruenwald**, and **Dave** (the Lettering Guy) **Sharpe**! Will this lead to future Marvel/MTV collaborations — "Club NFL Superpro," or "Yo, Darkhawk Raps!"? Guess we'll just have to let the chips fall where they *may*.

One guy who was hollering "*may*day" around the halls of Marvel was Epic Executive Editor **Carl Potts**, who recently launched a new epic with the birth of his son **Justin Carl** in January. Because Carl's baby was born under the Epic imprint, this means Carl and his wife **Cathy** retain complete ownership of the baby if it goes on to become a successful comic book series! (Contrary to rumor, Carl's baby wasn't born in the *Mayo* Clinic!)

One guy who didn't exactly come over on the *Mayflower* is **Len Kaminski**, who recently left staff to become regular scripter on IRON MAN, the all-new MORBIUS THE LIVING VAMPIRE series, and the long-awaited SLAPSTICK limited series. We've been promising SLAPSTICK for quite a while now, but this year, we'll get it out, come what *may*.

Taking Len's place as **Ralph Macchio**'s assistant is **Pat Garrahy**, who *may* or *may* not run for *mayor* some day. Replacing Pat as **Glenn Herdling**'s assistant is **Mike Lackey**, the writer of the smash hit WCW WORLD CHAMPIONSHIP WRESTLING comic, who told us he no longer wants to be hit over the head with a steel chair by the WCW champ. Mike's new ambition in life is to actually be the one who gets to hit the champ over the head with the steel chair. WCW editor **Mike Rockwitz** said if Lackey keeps this up, he will personally whack Lackey over the head with a word processor, or desk, or whatever's handy.

That Mike Lackey *may* be wacky — but there were plenty of lunatics to be found at the annual Toy Fair which was held in New York the second week in February. There were tons and tons o' new toys on display — this being the event where toy manufacturers run their new product lines up the *may*pole to see who salutes. The highlight of the toy fair for us, of course, was the party held one night for the Marvel elite to hobnob with retailers and manufacturers in the toy industry.

Terry Stewart and **Stan Lee** — no *may*-flies on these guys — were there to officially inaugurate the 30th anniversary celebration of **Spider-Man**. Spidey himself showed up to blow out the candles. A few of Spidey's friends and foes showed up, as well — among them, **Captain America**, **Iron Man**, **Doctor Doom**, and the **Green Goblin**. Some guys will do anything for a free meal!

Executives from Carolco Pictures were also present — that's the studio that's currently set to produce the **Spider-Man** live-action motion picture — but sadly, Spidey director **James Cameron** was unable to attend. Be that as it *may*, a splendid time was had by all.

The centerpiece of the Marvel party was The Danger Room, which was a special trap-filled room that had been set up to snare unsuspecting party-goers. The room was filled with smoke, and you all know how dangerous smoke is! You could *choke* on it! An overweight **Professor X** on a viewscreen guided victims through the room, which offered opportunities to play the Spidey and Captain America arcade video games absolutely free! Talk about danger — patrons could have been trampled by overeager video enthusiasts. Thankfully, this did not occur. Other hazards: The Danger Room was very dark — people could have tripped and bumped their heads! Ninety percent of all Danger Room head injuries are caused by poor lighting! The showstopper was a ten-foot robot which stalked like a **Sentinel** with a few chips short of a full memory. Truly, all who entered were lucky to have made it out alive. After a harrowing experience like that, we all could have used a vacation down to Cape *May*!

Well, it looks like we *may* be out of room for this month. Or we *may* not. We *may* never know.

Next month: JUNE!

Dear Marvel Comics,

I like your CAPTAIN PLANET AND THE PLANETEERS comics—they are great! I have a briefcase that I keep your comics in. And I follow your Planeteer Alert rules. I have all four of your comics so far, and I read them over and over. I like Captain Planet the best. Out of all the Planeteers, I like Kwame. I will like your comics for the rest of my life. I plan to keep them for a long time. Captain Planet is my favorite super hero. And remember, I love your comics!

Travis Bonnough

We won't forget, Travis! Nice to see you're such a big fan of Captain Planet—and of saving the Earth!

Dear Marvel,

So Cap wants mail, eh? (Just remember, you ASKED for it!) Well, I have one word for you: HOORAY!

Something like CAPTAIN PLANET was long overdue, sez those of us who value breathing clean air (or drinking clean water, or whatever) more than we want to roll in more money than anyone would know what to do with. Here's hoping it becomes a classic; as much a part of the world's lingo as a certain TV show whose message was also survival and hope.

In the meantime, you people have done an excellent job of translating animated material to book form. Despite their similiarities, the two are very different art forms, even though your talents make it look easy. (But since when is Gi sweet on Wheeler?)

This "rocket scientist" salutes you and wishes you well. And Cap—we're with you all the way!

Dian Hardison
Kennedy Space Center, FL

Wow! We just printed a letter from Dian last month, and now here she is again! Guess she really is one of our most Di-Hard fans! We don't know if CAPTAIN PLANET will be remembered as long as *STAR TREK*, but hopefully its message will live on for a long time to come.

As for Gi and Wheeler, well, there's nothing serious going on there, but let's just say it seemed likely for rock and roll-loving Gi to be attracted to rebel Wheeler. Since Wheeler's advances toward Linka never seem to get him anything but a cold shoulder, it's only natural to think he might start looking elsewhere. However, we don't think Wheeler will ever give up on Linka. He sees her as a great challenge.

Your comments about the differences between animation and comics are well taken. We've tried to find just the right mix with CAPTAIN PLANET, taking advantage of the strengths of both mediums. Nice to see our efforts are noticed and appreciated.

Dear Marvel,

Captain Planet is a very good comic. It teaches us how to take better care of our planet. If it wouldn't be too much trouble, can you send me CAPTAIN PLANET #3, because it's the only one I am missing. Thank you very much.

Ray Sines
9236 LaPort Rd.
Brownsville, CA 95919

Sorry, Ray, but we can't send you CAPTAIN PLANET #3, because Marvel does not stock copies of back issues of our comics. However, that issue shouldn't be too hard to find. We recommend you try comic book stores in your area, or order from the back issue dealers who advertise in Marvel Comics. Happy hunting!

Dear Writers,

I was wondering about something in CAPTAIN PLANET AND THE PLANETEERS #6. Why is it that the powers of earth, wind, fire, water, and heart could harm Gaia, the spirit of the Earth? It would really help me understand if you told me.

Bryce Tollefson
502 E. Fillmore
Mabel, MN 55954

Well, Bryce, as you've seen by now, that was not actually Gaia whom the brainwashed Planeteers were attacking in issue #6. That was a hologram projected by Gaia from within her crystal chamber. We don't know if the Planeteers' powers actually could harm Gaia, but fortunately, we'll never have to find out.

Dear Marvel,

I love Captain Planet. The Planeteers are doing great. I have almost all of the comics. My favorite Planeteer is Gi. I like what she does. Can you please show Gi using her powers more? Can you make me a picture of Gi when she is using her power?

Matthew DeSousa
270 West Ave.
Patchoge, NY 11772

Sorry, but we can't send out pictures of our characters, Matt! If our artists sent out drawings to everyone who asked, they'd never have time to draw the comics! Hopefully, last issue's Gi solo story, "Catch a Wave!" gave you all the Gi solo action you could want! If you want to see more of Gi in action, keep watching the TV show and reading CAPTAIN PLANET comics!

Dear Staff,

I have bought every issue of CAPTAIN PLANET AND THE PLANETEERS so far. I don't usually do this, but I liked #3 and #4 so well that I couldn't resist buying an extra copy of both books.

I think Wheeler is my favorite Planeteer. I especially like the way he came through and helped to defeat Duke Nukem in #4.

The series has a lot of very interesting villains as well as a number of good supporting characters. I find this series to be very educational as well as entertaining.

Arthur Wallace
1339 W. Norcova Dr.

Arthur, we've always tried to make CAPTAIN PLANET informative as well as entertaining. Why, it's infotainment!

It seems everybody has a favorite Planeteer. If any of you Eco-warriors out there haven't written in yet, why not drop us a line and let us know who your favorite is.

NEXT ISSUE: Sludge on the water (and Planet in the sky)! Cap and the Planeteers must save Sly Sludge from the result of his own illegal dumping!

Plus the beginning of a brand-new two-part story "The Big Meltdown," with Hoggish Greedly and Rigger and Linka in solo Soviet action! Wow!

Till next time, remember:
